Overview

Measure M2 allocates net revenues for the development of various competitive programs which provide funding for transit, environmental cleanup, and local streets and roads projects. Funding for local streets and roads projects is anticipated to be made available, subject to the Orange County Transportation Authority Board of Directors approval, through a 2027 call for projects for the Regional Capacity Program and Regional Traffic Signal Synchronization Program. Staff has updated the Comprehensive Transportation Funding Programs Guidelines and is seeking approval to advance these proposed revisions to the Technical Advisory Committee. The proposed revisions incorporate 2027 call for projects cycle changes, as well as payment process streamlining recommendations to expedite the review and authorization of grant payments, consistent with Board direction from the 2025 Measure M2 Performance Assessment.

Recommendation(s)

Recommend approval and advancement of the revised Comprehensive Transportation Funding Programs Guidelines to the Technical Advisory Committee for formal recommendation to the Board of Directors.
