Project Amendment Requests										
Agency	Project Title	Fund Source	Phase	Previously Approved FY	Change Type	Supplemental Information				
Sally's Fund, Inc.	Operating Assistance for senior transportation services in Laguna Beach to support hiring for a senior services assistant to oversee drivers, vehicle maintenance and transportation coordination and in addition, when needed, drive various routes to maximize number of trips.	EMSD	OPS	FY 2021-22	Scope Change Modifications	The project was originally approved for a grant award of \$61,350 towards a total project cost of \$81,800, with a 25 percent match under the EMSD program to support operating assistance for senior transportation services in Laguna Beach. Sally's Fund has requested a scope change to expand the eligible use of funds to include a part-time scheduler, marketing, and additional events, along with a 12-month time extension to their contract. This change will enable Sally's Fund to utilize the remaining grant funds more effectively, ensuring the delivery of their senior transportation and outreach program. The requested scope adjustment and time extension will not alter the total awarded grant amount of \$61,350 or require additional funding but will enhance program delivery and benefit to the senior community. Staff concurs with Sally's Fund's request and recommends Board approval.
