Measure M2 requires all local jurisdictions in Orange County to satisfy eligibility requirements to receive Measure M2 net revenues. The fiscal year 2018-19 Measure M2 eligibility documentation has been reviewed by staff and the Taxpayer Oversight Committee, and is presented for Board of Directors' review and approval.

Recommendation

Approve all local jurisdictions as conditionally eligible for Measure M2 net revenues for the fiscal year 2018-19, and direct staff to return with final eligibility findings for local jurisdictions, pending the adoption and submittal of the fiscal year 2017-18 expenditure reports by local jurisdictions.

6. 2019 Technical Steering Committee Membership
Brianna Martinez/Kia Mortazavi

Overview

The Orange County Transportation Authority Technical Advisory Committee provides feedback and input on local streets-and roads-related items. To accomplish this, the committee relies on a Technical Steering Committee made up of nine representatives from local agencies to provide guidance on major technical items. Technical Steering Committee members serve two-year terms, with the exception of one-year terms for the chair and vice chair. This year, six positions are open for consideration, and proposed 2019 Technical Steering Committee membership recommendations are presented for review and approval.

Recommendation

Approve the proposed 2019 Technical Steering Committee membership.

7. Active Transportation Program Local Project Prioritization
Louis Zhao/Kia Mortazavi

Overview

On May 16, 2018, the California Transportation Commission adopted the 2019 Active Transportation Program Guidelines and issued a two-tiered call for projects, making state and federal funds available for a bicycle and pedestrian call for projects from the State of California or the Southern California Association of Governments. A list of Orange County project point assignments for the Southern California Association of Governments regional project selection is presented for the Board of Directors' approval.

Recommendations

- A. Approve the additional points assigned to the Orange County 2019 Active Transportation Program projects, consistent with the Orange County Transportation Authority-adopted Active Transportation Program project prioritization and submittal to the Southern California Association of Governments.
- B. Authorize the Chief Executive Officer to approve future scope changes, substitutions, and additions to the final recommended project list.

9. Measure M2 Freeway Environmental Mitigation Program Update

Lesley Hill/Kia Mortazavi

Overview

Measure M2 includes a program to deliver comprehensive mitigation for the environmental impacts of 13 freeway projects in exchange for streamlined project approvals from the state and federal resources agencies. To date, the Environmental Mitigation Program has acquired conservation properties and provided funding for habitat restoration projects as part of the Natural Community Conservation Plan/Habitat Conservation Plan. On a parallel path, a similar approach was developed to obtain state and federal clean water permits to facilitate the implementation of the Measure M2 freeway projects. A biannual status report of these efforts and program update is presented.

Recommendation

Receive and file as an information item.
