Yorba Linda	Yes	Yes	Yes	Yes

1. Due to the financial impacts of the coronavirus pandemic, the MOE requirement was modified by the Orange County Transportation Authority's Board of Directors, for FY 2020-21. Local jurisdictions can meet either 1) the traditional MOE benchmark dollar amount; or 2) an MOE target that is based on the percentage of the MOE benchmark value of GFRs.

2. MOE was established in 1991 with the first Measure M Program using a five-year average of the level of funding local jurisdictions spent on streets and roads between 1985 and 1990. However, Orange County Public Works and their predecessor agencies received sufficient gas tax subventions and other transportation specific funding from state, federal, and other local sources, which were required to be used for transportation. As such, they did not and do not use discretionary funds for transportation purposes. The County uses a number of fund sources for transportation including gas tax subvention or Highway User Tax Account, federal grants, assessment districts, developer impact fees, and other transportation specific fund sources.

**Acronyms**

- FY - Fiscal Year
- GFR - General Fund Revenues
- MOE - Maintenance of Effort
- N/A - Not Applicable
