**Discussion**

As of November 30, 2022, the Orange County Transportation Authority's (OCTA) outstanding investments totaled \$2.5 billion. The portfolio is divided into three managed portfolios: the liquid portfolio for immediate cash needs, the short-term portfolio for future budgeted expenditures, and the bond proceeds portfolio to meet Measure M2 (M2) transportation program needs. In addition to these portfolios, OCTA has funds invested in debt service reserve funds for the 91 Express Lanes Program.

Portfolio Compliance and Liquidity Requirements for the Next Six Months: The portfolio is in full compliance with OCTA's Investment Policy and the State of California Government Code. Additionally, OCTA has reviewed the liquidity requirements for the next six months and anticipates that OCTA's liquidity will be sufficient to meet projected expenditures during the next six months.

The weighted average book yield for the OCTA portfolio is 1.8 percent. The book yield measures the exact income, or interest, on a bond without regard to market

price change. The yield is the income return on an investment, such as the interest received from holding a particular security. The yield is usually expressed as an annual percentage rate based on the investment's cost and market value.

OCTA's month-end balance in the Local Agency Investment Fund was \$21,259,869, with an average monthly effective yield of 2.01 percent. OCTA's month-end balance in the Orange County Investment Pool (OCIP) was \$34,904,485. For the month of October, the monthly gross yield for the OCIP was 1.85 percent. Yields for the month of November will be received in December.

During the month of November, one security held within OCTA's investment portfolio was downgraded or placed on Negative Credit Watch. Please refer to A-8 (Rating Downgrades and Negative Credit Watch) of Attachment A for further details. As of November 30, 2022, the securities reflected on A-8 still meet the minimum ratings requirements set forth by OCTA's Investment Policy.

OCTA's debt program is separate from its investment program and is comprised of M2 Sales Tax Revenue Bonds, 91 Toll Revenue Bonds, 2021 Transportation Infrastructure Finance and Innovation Act Loan, and the 2021 Bond Anticipation Notes. The debt program currently has an outstanding principal balance of \$1.3 billion as of November 30, 2022. Approximately 45.4 percent of the outstanding balance is comprised of M2 debt, 5.3 percent is associated with the 91 Express Lanes Program, and 49.3 percent is associated with the 405 Express Lanes.
