RE: Pavement Condition Concerns Expressed by the Annual Eligibility Review Subcommittee

Dear Mr. Arrula:

As you know, local agencies are required to submit eligibility verification packages to the Orange County Transportation Authority (OCTA) annually in order to remain eligible to receive Measure M2 net revenues. The Taxpayer Oversight Committee (TOC) is responsible for reviewing eligibility requirements and designates a subcommittee to review this information that includes the Pavement Management Plan (PMP).

Upon review of the City of Placentia's (City) 2016 PMP submittal, members of the TOC expressed concerns about the downward trend in the City's pavement conditions based on the seven-year projections provided in the current PMP. While this does not impact the City's eligibility status, the TOC believes that it is important for the City to proactively address the projected decline in pavement conditions to avoid further street deterioration.

If you have any questions, please contact Kia Mortazavi, Executive Director, Planning, at kmortazavi@octa.net or (714) 560-5741.

Sincerely,

Darrell Johnson
Chief Executive Officer
