Homeownership and the New Tax Plan

- “The tax plan includes capping the deduction for state and local taxes as well as reducing it for mortgage interest on new loans. Critics say both changes are weapons aimed at Democratic states with high state taxes and housing costs.”
- Los Angeles Times
- “Many of the states with the most expensive housing markets, including California, New York, and Hawaii, also lean Democratic. And while it might be a stretch to say the tax-code changes target blue states, they almost certainly would hurt these high-income urban centers more.”
- Business Insider
- “‘The final tax reform bill released punishes homeowners and weakens homeownership,’ the California Association of Realtors said in a statement issued on Friday, ‘and in fact, it looks at homeowners and the housing market as nothing more than a piggy bank.’”
- The New York Times

405 Discussion

Without change there is no innovation, **creativity**, or incentive for improvement. Those who initiate change will have a better opportunity to manage the change that is inevitable.
