## INDEPENDENT AUDITOR'S REPORT

The Board of Directors  
Orange County Transportation Authority  
Orange, California

### **Report on the Schedule of Program Costs**

We have audited the accompanying Schedule of Program Costs incurred by the Orange County Transportation Authority (OCTA) under the State Transportation Improvement Program (STIP) Planning, Programming and Monitoring Program (PPM) Fund Transfer Agreement No. PPM16-6071(113) (Agreement) totaling \$831,000 with the State of California, Department of Transportation (Caltrans) for the period covering July 1, 2015 through June 30, 2018, and the related Notes to the Schedule of Program Costs.

### ***Management's Responsibility for the Schedule of Program Costs***

The OCTA's management is responsible for the preparation and fair presentation of the Schedule of Program Costs in accordance with the methods of preparation described in Note 3. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the Schedule of Program Costs that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on the Schedule of Program Costs based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Schedule of Program Costs is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Schedule of Program Costs. The procedures selected depend on the auditor's judgment, including the assessment of risks of material misstatement of the Schedule of Program Costs, whether due to fraud or error. In making those assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the Schedule of Program Costs in order to design audit procedures that are appropriate in the circumstances, but not for the purposes of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the Schedule of Program Costs. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Opinion***

In our opinion, the Schedule of Program Costs referred to above presents fairly, in all material respects, the revenue received and costs incurred by OCTA under the Agreement for the period July 1, 2015 through June 30, 2018 in accordance with the basis of accounting described in Note 3.

### ***Emphasis of Matter***

As discussed in Note 2, the Schedule of Program Costs presents only the STIP PPM revenue and costs of OCTA for the period July 1, 2015 through June 30, 2018 and does not purport to, and does not, present the net position, changes in net position, or cash flows of OCTA. Our opinion is not modified with respect to this matter.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our reports dated August 1, 2018 on our consideration of OCTA's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters, including Article XIX of the California State Constitution. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering OCTA's internal control over financial reporting and compliance.

## **State Transportation Improvement Program Planning, Programming and Monitoring Program Program Fiscal Year 2015-2016**

### **Notes to Schedule of Program Costs For the Period Covering July 1, 2015 through June 30, 2018**

#### **1. GENERAL INFORMATION**

On July 1, 2015, the Orange County Transportation Authority (OCTA) entered into Fund Transfer Agreement No. PPM16-6071(113) (Agreement) with the State of California, Department of Transportation (Caltrans) under the State Transportation Improvement Program (STIP) Planning, Programming and Monitoring Program (PPM). PPM activities included:

- Planning – Developing strategies to address the short and long-term multimodal transportation needs of both Orange County and the region, and to guide the expenditure of federal, state and local transportation funds;
- Programming – Consultant, management and staff support to prioritize, allocate, program and manage federal, state and local funds for transportation improvements through the county transportation improvement program, including the regional component of the STIP and the Orange County's component of the Regional Transportation Improvement Program (RTIP); and
- Transportation Monitoring, Data Management, and Analysis – Consultant and staff support to meet the state and federal transportation data collection and monitoring requirements, thereby providing the analytical basis for county-wide planning and programming decisions, as well as to monitor the development and delivery of transportation projects programmed through the STIP and RTIP.

OCTA is required to comply with the Agreement and to ensure that STIP PPM funds are used in conformance with Article XIX of the California State Constitution, and for PPM purposes as defined in the Agreement.

#### **2. BASIS OF PRESENTATION**

The accompanying Schedule of Program Costs includes revenue received and costs incurred under the Agreement for the period July 1, 2015 through June 30, 2018. Because the Schedule of Program Costs presents only a selected portion of the operations of OCTA, it is not intended to and does not present the net position, changes in net position, or cash flows of OCTA. The information in the Schedule of Program Costs is presented in accordance with the requirements specified by Caltrans, accounting principles generally accepted in the United States of America, and is specific to the aforementioned Agreement.

### **Notes to Schedule of Program Costs For the Period Covering July 1, 2015 through June 30, 2018**

#### **3. BASIS OF ACCOUNTING**

The Schedule of Program Costs is reported on the modified accrual basis of accounting. The expenditures reported therein are recognized following the cost principles contained in the Office of Management and Budget (OMB) Uniform Guidance.

#### **4. REVENUE AND RECEIVABLE FROM CALTRANS**

On March 29, 2018, OCTA received a \$141,571 reimbursement for costs incurred under the Agreement. As of the date of this report, OCTA had not yet received the remaining \$689,429 reimbursement for costs incurred under the Agreement. The amount due from Caltrans represents a receivable for eligible costs incurred.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED  
ON AN AUDIT OF A SCHEDULE OF PROGRAM COSTS PERFORMED IN  
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

The Board of Directors  
Orange County Transportation Authority  
Orange, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the Schedule of Program Costs of the Orange County Transportation Authority (OCTA) representing revenue received and costs incurred under the State Transportation Improvement Program (STIP) Planning, Programming and Monitoring Program (PPM) Fund Transfer Agreement No. PPM16-6071(113) (Agreement) with the State of California, Department of Transportation (Caltrans) for the period July 1, 2015 through June 30, 2018, and the related Notes to the Schedule of Program Costs, and have issued our report thereon dated August 1, 2018.

***Internal Control over Financial Reporting***

In planning and performing our audit of the Schedule of Program Costs, we considered OCTA's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the Schedule of Program Costs, but not for the purpose of expressing our opinion on the effectiveness of OCTA's internal control. Accordingly, we do not express an opinion on the effectiveness of OCTA's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of OCTA's Schedule of Program Costs will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### ***Compliance and Other Matters***

As part of obtaining reasonable assurance about whether OCTA's Schedule of Program Costs is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of Schedule of Program Costs amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Audit Standards*.

### ***Purpose of this Report***

This report is intended solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of OCTA's internal control or compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering OCTA's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE  
WITH THE STATE TRANSPORTATION IMPROVEMENT PROGRAM  
PLANNING, PROGRAMMING AND MONITORING PROGRAM  
FUND TRANSFER AGREEMENT NO. PPM16-6071(113) AND  
ARTICLE XIX OF THE CALIFORNIA STATE CONSTITUTION**

The Board of Directors  
Orange County Transportation Authority  
Orange, California

We have audited the Orange County Transportation Authority's (OCTA's) compliance with the State Transportation Improvement Program (STIP) Planning, Programming and Monitoring Program (PPM) Fund Transfer Agreement No. PPM16-6071(113) (Agreement) with the State of California, Department of Transportation (Caltrans) and Article XIX of the California State Constitution applicable to OCTA's STIP PPM Program for the period July 1, 2015 through June 30, 2018.

***Management's Responsibility***

OCTA's management is responsible for compliance with the requirements referred to above.

***Auditor's Responsibility***

Our responsibility is to express an opinion on OCTA's compliance with the applicable compliance requirements based on the compliance audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the Agreement and Article XIX of the California State Constitution. Those standards, the Agreement and Article XIX of the California State Constitution require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a material effect on the STIP PPM Program occurred. A compliance audit includes examining, on a test basis, evidence about OCTA's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our compliance audit provides a reasonable basis for our opinion. Our compliance audit does not provide a legal determination of OCTA's compliance with those requirements.

### ***Opinion***

In our opinion, OCTA complied, in all material respects, with the compliance requirements referred to above that are applicable to the STIP PPM Program, and project funds were used in conformance with Article XIX of the California State Constitution for the period July 1, 2015 through June 30, 2018.

### ***Purpose of this Report***

This report is intended solely to describe the scope of our testing based on the requirements of the Agreement and Article XIX of the California State Constitution. Accordingly, this report is not suitable for any other purpose
