Discussion

As of November 30, 2018, the book value of the Orange County Investment Pool (OCIP) Money Market Fund was \$1,358,895,549 with a monthly gross yield of 1.95 percent and a month-end average days to maturity of 24 days. The OCIP Extended Fund book value was \$7,022,745,147 with a monthly gross yield of 1.99 percent and a month-end average days to maturity of 430 days. The Orange County Transportation Authority's month-end balance in the OCIP was \$17,795,270; the combined pool had a monthly gross yield of 1.97 percent and month-end average days to maturity of 318 days.

The monthly gross yield is the average of the daily yield for the month. The yield is the income return on an investment, such as the interest received from holding a particular security. The yield is usually expressed as an annual percentage rate based on the investment's cost and current market value.

During November, there was one change to the Treasurer's Approved Issuer List. In November, the Credit Investment Committee approved the addition of the

Orange County Pension Obligation Bonds, 2019 Series A. Both the Money Market Fund and the Extended Fund were in compliance at month-end. Pages 25 through 103 containing investment inventory are not included in the attachment. Copies of OCIP's investment inventory reports are available upon request.

Summary

The Orange County Transportation Authority is submitting a copy of the Orange County Treasurer's Management Report to the Finance and Administration Committee. The report is for the month ending November 30, 2018.
