Discussion

As of December 31, 2018, the book value of the Orange County Investment Pool (OCIP) Money Market Fund was \$1,321,532,097 with a monthly gross yield of 1.86 percent and a month-end average days to maturity of 19 days. The OCIP Extended Fund book value was \$8,050,902,979 with a monthly gross yield of 2.07 percent and a month-end average days to maturity of 367 days. The Orange County Transportation Authority's month-end balance in the OCIP was \$161,862; the combined pool had a monthly gross yield of 2 percent and month-end average days to maturity of 275 days.

The monthly gross yield is the average of the daily yield for the month. The yield is the income return on an investment, such as the interest received from holding a particular security. The yield is usually expressed as an annual percentage rate based on the investment's cost and current market value.

During December there was one change to the Treasurer's Approved Issuer List. Both the Money Market Fund and the Extended Fund were in compliance at month-end. Pages 26 through 103 containing investment inventory are not included in the attachment. Copies of OCIP's investment inventory reports are available upon request.

Summary

The Orange County Transportation Authority is submitting a copy of the Orange County Treasurer's Management Report to the Finance and Administration Committee. The report is for the month ending December 31, 2018.
