**Absent:** None

### **Committee Vote**

Following the discussion, no action was taken on this receive and file information item.

### **Staff Recommendation**

Receive and file as an information item.

### **Committee Discussion**

At the February 14, 2019, Transit Committee meeting, a letter from the City of Mission Viejo (City) was discussed (Attachment A). Director Moreno requested that staff follow-up with the City and asked that committee members be updated on these issues raised by the City. The Orange County Transportation Authority (OCTA) provided a written response to the City on February 21, 2019 (Attachment B). On March 18, 2019, OCTA met with City executive staff to review service performance details, as well as a proposal by the City to restructure the service. A committee update is now planned for May 2019, that will include a discussion of the City's restructuring proposal.
