### **REQUEST FOR AMENDMENT TO THE MASTER PLAN OF ARTERIAL HIGHWAYS IN SANTA ANA**

Dear Mr. Larwood:

This letter is to request initiation of the MPAH amendment process associated with the City's impending General Plan Circulation Element Update. As part of the Circulation Element Update, the circulation network within the city will be revised for consistency with the MPAH and compliance with the Complete Streets Act.

The City is currently revising the draft General Plan Update Traffic Analysis, which has been provided to Stephanie Chhan for OCTA staff review. All the requested changes are generally within the City of Santa Ana; with the exception of Fairhaven Avenue, which is shared with the City of Orange. Several roadways traverse or share boundaries with adjacent jurisdictions or have the potential to affect traffic in those jurisdictions. These jurisdictions include:

City of Costa Mesa  
City of Fountain Valley  
City of Garden Grove  
City of Orange  
City of Irvine  
City of Tustin  
City of Westminster  
County of Orange  
Caltrans District 12
