2018 Long-Range Transportation Plan Goals and Objectives

The Long-Range Transportation Plan provides Orange County's program of projects for the multi-county Regional Transportation Plan, prepared by the Southern California Association of Governments. The plan also serves a policy framework for future transportation investments in Orange County. Over the planning period for the 2018 Long-Range Transportation Plan (2015-2040), a number of factors may also influence how transportation facilities, services, and needs evolve. Key issues and proposed goals and objectives for the 2018 Long-Range Transportation Plan are presented for review.
