Guidance for Administration of the Orange County Master Plan of Arterial Highways Related to Complete Streets

On April 3, 2017, proposed revisions to the Master Plan of Arterial Highways Traffic Calming Policy were presented to the Regional Planning and Highways Committee. The Regional Planning and Highways Committee directed the proposed revisions back to the Technical Advisory Committee to address the use of traffic calming measures on higher-volume arterials. The Technical Advisory Committee discussed the item on June 26, 2017 and recommended further restricting the use of traffic calming measures on Major and Principal arterials. The Technical Advisory Committee's recommendation is provided for review and approval.

Approve proposed revisions to the Guidance for the Administration of the Orange County Master Plan of Arterial Highways.
