2018 Project V Community-Based Transit/Circulators Program Guidelines and Call for Projects

Measure M2 establishes a competitive program through Project V to fund local transit services such as shuttles, trolleys, and circulators that complement regional transit services. Based on interest from local agencies, a competitive Call for Projects is recommended, and updated guidelines are presented for review and approval.

- A. Approve the 2018 Project V Community-Based Transit/Circulators Program Guidelines.
- B. Authorize staff to issue the 2018 Project V Community-Based Transit/Circulators Call for Projects in the amount of \$12 million.
- C. Authorize changes to the guidelines to allow consideration of 2018 Project V applications for off-peak Orange County Transportation Authority-led services, on a case-by-case basis.
