### Active Transportation Program Local Project Prioritization

On May 16, 2018, the California Transportation Commission adopted the 2019 Active Transportation Program Guidelines and issued a two-tiered call for projects, making state and federal funds available for a bicycle and pedestrian call for projects from the State of California or the Southern California Association of Governments. A list of Orange County project point assignments for the Southern California Association of Governments regional project selection is presented for the Board of Directors' approval.

- A. Approve the additional points assigned to the Orange County 2019 Active Transportation Program projects, consistent with the Orange County Transportation Authority-adopted Active Transportation Program project prioritization and submittal to the Southern California Association of Governments.
- B. Authorize the Chief Executive Officer to approve future scope changes, substitutions, and additions to the final recommended project list.
- C. Authorize staff to process all necessary amendments to the Federal Transportation Improvement Program to facilitate the above actions.
