Amendment to Agreement for Service and Maintenance of Security Systems

In July 2017, the Orange County Transportation Authority entered into an agreement with Convergent Technologies LLC, to provide service and maintenance to the security systems, which includes the video management system, access control system, and duress alarm system, for a three-year term at the administration building and all operating bases. An amendment is required to increase the maximum cumulative payment obligation in order to accommodate additional project support.

Authorize the Chief Executive Officer to negotiate and execute Amendment No. 2 to Agreement No. C-7-1676 between the Orange County Transportation Authority and Convergent Technologies LLC, in the amount of \$65,000, for additional project support services. This will increase the maximum obligation of the agreement to a total contract value of \$341,000.
