State Legislative Status Report

The Orange County Transportation Authority provides regular updates to the Legislative and Communications Committee on policy issues directly impacting its overall programs, projects, and operations. A position is recommended on legislation that would create a new mitigation credit program for transportation projects that improve wildlife connectivity. An update is provided on fiscal year 2021-22 state budget and the priorities being pursued by the Orange County Transportation Authority.

Adopt a SUPPORT position on SB 790 (Stern, D-Calabasas), which would create a new mitigation credit program for transportation projects that include wildlife connectivity benefits.
