Long-Range Transportation Plan Challenges and Goals

The Long-Range Transportation Plan provides Orange County's program of projects for the Regional Transportation Plan, prepared by the Southern California Association of Governments. The plan also serves as the policy framework for future transportation investments in Orange County. Over the planning period for the Long-Range Transportation Plan (2019-2045), many challenges have been identified that may influence how transportation facilities, services, and needs evolve. To provide context and guidance for the development of the Long-Range Transportation Plan, these challenges and the proposed goals are presented for review.
