**Environmental Mitigation Program Endowment Fund Investment Report for June 30, 2021**

The Orange County Transportation Authority has developed a Natural Community Conservation Plan/Habitat Conservation Plan, acquired conservation properties, and funded habitat restoration projects to mitigate the impacts of Measure M2 freeway programs. The California Community Foundation manages the non-wasting endowment required to fund the long-term management of the conservation properties. Each quarter, the California Community Foundation publishes a comprehensive report detailing the composition of the pool and its performance.
