February 2022 Bus Service Change

In an effort to better meet demand for bus service as California and the economy continue to emerge from the coronavirus pandemic, the February 2022 bus service change will provide additional service to improve service quality and reliability. Bus service levels will increase by 83,000 annual revenue vehicle hours to 1.43 million annual revenue vehicle hours, which is within the fiscal year 2021-22 budgeted amount of service. Staff utilized customer comments and route performance statistics to develop the service improvements.
