Approval to Adopt the Mitigated Negative Declaration Finding for the Orange County Maintenance Facility Project

On July 21, 2020, the Orange County Transportation Authority, in cooperation with the Southern California Regional Rail Authority, entered into a Cooperative Agreement which defined roles, responsibilities, and funding for the preliminary engineering and environmental phase of the Metrolink Orange County Maintenance Facility. The Orange County Transportation Authority has been the lead agency for the preliminary engineering and environmental documentation. Board of Directors' adoption of the Mitigated Negative Declaration and Mitigation Monitoring and Reporting Program is required for the project to advance to the next phase.

Adopt Resolution No. 2022-025 to adopt the Mitigated Negative Declaration and Mitigation Monitoring and Reporting Program, pursuant to the California Environmental Quality Act, for the Metrolink Orange County Maintenance Facility.
