Radio Voice Over Internet Protocol Pilot for Paratransit Vehicles

Overview

The Orange County Transportation Authority's existing radio system for the paratransit vehicles will reach the end of its useful life and will need to be replaced in five years. Board of Directors' approval is requested for a pilot program using six paratransit vehicles to test functionality and operation of a new solution to replace the existing radio system.

Recommendation

Authorize the Chief Executive Officer to negotiate and execute sole source Agreement No. C-2-2165 between the Orange County Transportation Authority and Conduent Transport Solutions, Inc., in the amount of \$250,000, for a one-year term, for an Intelligent Transportation Management System radio voice over internet protocol pilot program for paratransit vehicles.
