### Agreement for 91 Express Lanes Channelizers

#### Overview

Channelizers are an integral part of maintaining the safety and integrity of the 91 Express Lanes toll systems and traffic operations. As channelizers get damaged or destroyed, they are replaced on a regular maintenance schedule and new ones must be procured. The method of this procurement for channelizers is through the use of a piggy-back provision on another public agency's existing agreement. Board of Directors' approval is requested to execute an agreement to provide channelizers for the 91 Express Lanes.

#### Recommendations

- A. Approve the selection of Statewide Traffic Safety and Signs, Inc. to provide channelizers for the 91 Express Lanes through a competitive procurement that was conducted by the Riverside County Transportation Commission.
- B. Authorize the Chief Executive Officer to negotiate and execute Agreement No. C-2-2650 between the Orange County Transportation Authority and Statewide Traffic Safety and Signs, Inc., in the amount of \$274,238, for the procurement of channelizers for the 91 Express Lanes.
