Caltrans District 12 Interstate 5 Managed Lanes Project Update

The Interstate 5 Managed Lanes Project includes a 15-mile section between Red Hill Avenue, south of State Route 55, and the Orange/Los Angeles County line that will address high-occupancy vehicle lane (carpool) degradation through the study of options that include priced managed lanes (also known as Express Lanes). The California Department of Transportation will present an overview discussion why the project is needed, proposed alternatives, the timeline, and the environmental process/phase.
