Analysis on Environmental Impact Report for the Orange County Maintenance Facility

Overview

On June 13, 2022, the Orange County Transportation Authority Board of Directors was presented with a recommendation to approve Resolution No. 2022-025 to adopt the Mitigated Negative Declaration and Mitigation Monitoring and Reporting Program, pursuant to the California Environmental Quality Act, for the Metrolink Orange County Maintenance Facility. At that time, the Board of Directors directed staff to undertake an analysis to study the increased costs and schedule delays associated with preparing an Environmental Impact Report in addition to the already completed draft Initial Study. This report includes the completed analysis.
