### Update on Emergency Railroad Track Stabilization in the Vicinity of Milepost 206.8 on the Orange Subdivision

#### Overview

A hillside adjacent to the Orange County Transportation Authority-owned railroad right-of-way, in the vicinity of Mile Post 206.8 on the Orange Subdivision, has failed and continues to incrementally move, pushing the railroad tracks toward the Pacific Ocean. Measures are being taken to stabilize the landslide to restore and maintain passenger and freight rail service. Staff will provide an update on efforts to stabilize the railroad tracks.

#### Recommendation

Reaffirm Resolution No. 2022-075 authorizing the Chief Executive Officer to take all necessary actions to address the emergency need for railroad track stabilization in the vicinity of Mile Post 206.8 on the Orange Subdivision, and to return to the Board of Directors, as required, to report on the status thereof.
