Measure M2 Community-Based Transit Circulators Program Project V Ridership Report

Overview

Measure M2 includes a program to fund community-based transit circulators known as Project V. The goal of the program is to provide local transit services in areas not well-served by regional transit services. Funding is awarded to local jurisdictions through a competitive call for projects. Local jurisdictions then implement the awarded services and commit to meeting minimum performance standards including ridership metrics. The ridership information for these awarded services is presented to the Board of Directors twice annually. The ridership report from April 2022 through September 2022 is presented herein.
