Cooperative Agreements with the California Department of Transportation for the Interstate 5 Improvement Project Between State Route 73 and El Toro Road for Right-of-Way Capital and Support Services

Overview

On October 12, 2015, the Orange County Transportation Authority Board of Directors approved a cooperative agreement between the Orange County Transportation Authority and the California Department of Transportation for right-of-way support services, right-of-way acquisition, and utility relocation for the Interstate 5 Improvement Project between State Route 73 and El Toro Road. Board of Directors' approval is requested, pursuant to the California Department of Transportation's current requirement and request that there be a separate agreement for each project segment, to negotiate and execute three new cooperative agreements to replace the original cooperative agreement, and to include additional funding for right-of-way support services, right-of-way acquisition, and utility relocation.
