2017 State Route 91 Implementation Plan

The Orange County Transportation Authority annually prepares a long-range plan for improvements along the State Route 91 corridor, between State Route 57 in Orange County and Interstate 15 in Riverside County. The plan includes a listing of potential improvements, preliminary cost estimates and potential implementation timeframes. These improvements are sponsored by various agencies, including the Riverside County Transportation Commission and the California Department of Transportation. The 2017 State Route 91 Implementation Plan includes the latest project information and serves as reference for future project development efforts
