### **2018 Long-Range Transportation Plan Update**

The Long-Range Transportation Plan develops Orange County's program of projects for the multi-county Regional Transportation Plan, prepared by the Southern California Association of Governments. The plan also serves as a policy framework for future transportation investments in Orange County. Scenarios are being developed and evaluated to measure how transportation investments and policies may influence future travel conditions. A summary of initial model results for the proposed financially constrained project list is presented for discussion below.
