### **91 Express Lanes Account Plan Changes**

Commencing January 1, 2019, all California tolling agencies will be required to read a new transponder protocol, 6C. This new protocol will lower the cost of transponders for the 91 Express Lanes. As a result, staff from the Orange County Transportation Authority and Riverside County Transportation Commission have developed a deployment plan for the distribution of new transponders, and have revised account plans and fees for the 91 Express Lanes.

Adopt changes to the 91 Express Lanes' account plans and policies.
