Final 2018 Long-Range Transportation Plan

The Long-Range Transportation Plan provides the vision for Orange County's regional transportation system over the next 20+ years. The final plan has been prepared, incorporating input received through public review of the draft document as appropriate. Based on public input, minor modifications were made to the project list, and the results remain consistent with the draft document. With direction from the Board of Directors, the final plan will be submitted to the Southern California Association of Governments as input to the 2020 Regional Transportation Plan and Sustainable Communities Strategy that is currently in development.

Direct staff to submit the final 2018 Long-Range Transportation Plan to the Southern California Association of Governments as input to the 2020 Regional Transportation Plan and Sustainable Communities Strategy.
