Agreement for Installation of Monitoring Wells at Garden Grove Bus Base

Monitoring wells are required to be installed at the Garden Grove Bus Base at the direction of the Regional Water Quality Control Board. Bids for construction of the monitoring wells were received in accordance with the Orange County Transportation Authority's public works procurement procedures. Approval from the Board of Directors is requested to execute the agreement.

Authorize the Chief Executive Officer to negotiate and execute Agreement No. C-9-1595 between the Orange County Transportation Authority and Core Probe International, Inc., the lowest responsive, responsible bidder, in the amount of \$91,000, for the installation of monitoring wells at the Garden Grove Bus Base.
