### **Signatory to the Orange County Operational Area Agreement**

The Orange County Operational Area Agreement, initially approved in 1995 in response to the requirements by the State of California's Standardized Emergency Management System, provides a framework for Orange County jurisdictions to coordinate emergency management activities before, during and after a disaster. The Orange County Transportation Authority became a signatory to this agreement in 1996. Since that time, best practices and processes have changed, and the original agreement has been updated and is presented for Board of Directors' consideration.

Authorize the Chief Executive Officer to execute the signatory agreement allowing Orange County Transportation Authority to participate in the Orange County Operational Area Agreement.
