June 2020 Bus Service Change

The June 2020 bus service change consists of adjustments to bus service levels that account for the novel coronavirus pandemic effects. The changes include increases in frequency on higher ridership routes and restoration of service on some routes that were suspended in March 2020. The June service change strikes a balance between anticipated increased customer demand, social distancing, and coach operator availability. The primary strategy is to transition the current service to Saturday service levels.
