2021 Board of Directors and Chief Executive Officer Initiatives and Action Plan

At the beginning of each calendar year, the Orange County Transportation Authority Board of Directors, led by the Chairman, identifies a set of priorities for the year, entitled Board Initiatives. The Chief Executive Officer's Initiatives and Action Plan that support and reinforce the Board Initiatives are also developed at the same time. Combined, the Board Initiatives and Chief Executive Officer's Initiatives and Action Plan chart the course of activities to be accomplished during the year by the agency.
