### **Consultant Selection for the Freeway Chokepoint Improvement Study**

The Orange County Transportation Authority is retaining a consultant to conduct an 18-month study to identify freeway chokepoints remaining in Orange County after the implementation of the Measure M2 Freeway Program and to develop improvement strategies. Board of Directors' approval for the selection of a firm to perform the required work is requested.

- A. Approve the selection of Kittelson and Associates, Inc., as the firm to provide consulting services to conduct the Freeway Chokepoint Improvement Study.
- B. Authorize the Chief Executive Officer to negotiate and execute Agreement No. C-1-3346 between the Orange County Transportation Authority and Kittelson and Associates, Inc., in the amount of \$297,337, to provide consulting services to conduct the Freeway Chokepoint Improvement Study.
