Measure M Taxpayers Oversight Committee Annual Public Hearing Results and Compliance Finding

Measure M, Orange County's one-half cent sales tax for transportation, was passed by voters in 1990 and renewed in 2006. The Renewed Measure M Ordinance No. 3 requires an independent committee to oversee compliance and to determine whether the Orange County Transportation Authority is proceeding in accordance with Ordinance No. 3. On June 14, 2022, that independent committee, established as the Taxpayer Oversight Committee, conducted the 31st Measure M annual public hearing. The Taxpayer Oversight Committee found the Orange County Local Transportation Authority has proceeded in accordance with the Renewed Measure M Ordinance No. 3 during 2021.
