### **2022 Transit Asset Management Plan**

#### **Overview**

The Federal Transit Administration requires the recipients of federal funds that own, operate, or manage capital assets used for providing public transportation to develop and implement Transit Asset Management plans. The Orange County Transportation Authority is currently finalizing the 2022 Transit Asset Management plan. The plan must be completed by October 1, 2022, and a status report is provided for information purposes.

#### **Recommendation**
