

Agreement for System Manager and Business Analyst Support Services

Overview

Consultant services are needed to support the various financial systems used by the Financial Planning and Analysis Department of the Orange County Transportation Authority. Proposals have been received and evaluated in accordance with the Orange County Transportation Authority's procurement procedures for professional and technical services. Approval is requested to execute a new agreement for system manager and business analyst support services.

Recommendations

- A. Approve the selection of Carpe Datum as the firm to provide system manager and business analyst support services.
- B. Authorize the Chief Executive Officer to negotiate and execute Agreement No. C-2-2575 between the Orange County Transportation Authority and Carpe Datum in the amount of \$591,600, for a two-year initial term from April 1, 2023 through March 31, 2025 with three, one-year option terms, to provide system manager and business analyst support services.
